

Early Childhood Development Center, National Institute for Child and Family Development, Mahidol University was serviced on 1 October 1999 until the present.

 Day Care and Child Development Services (Children age between 1 year 3 month to 3 years)

2. Kindergarten Demonstration Project of Developing Potential (Children age between 3 years to 6 years)

The Establishment of The Early Childhood Development Center

Assoc. Prof. Nittaya Kotchabhakdi, M.D., the founder of the National Institute for Child and Family Development, Mahidol University. She requires to establish the early childhood development center and determined to be 1 of 5 main strategies of the National Institute for Child and Family Development. The objectives of this center are to be a demonstration center for parents and other organizations.

The Original of The Early Childhood Experience Model

Assoc. Prof. Dr. Sairuedee Worakitpokathorn, bring and apply the Maga Skill concept of Dr. Dorothy Rich's to use in learning activities for early childhood in order to build the intellectual skills that are appropriate to the context of Thai society so that children grow up with efficiency and potential.

Moreover, she develop various forms of the activities in order to promote playing experiences and these activities will promotes the six internal sense (AYATANA (6) (the eye, the ear, the nose, the body, the tongue and the mind) to develop young children brain.

The Original of The Early Childhood Experience Model

Assoc. Prof. Suriyadeo Tripathi, M.D. He study and designe the <u>Life Assets</u>, which is the basic cost that affects the psychological development, society and intellect, for a person can live in society.

Assistant Professor Dr. Wimontip Musikaphan

Develop teaching process in the form of "Teaching the Mind through the Body and Creative by Teacher Hand" in order to improve the mind by using the guidelines of HRH Princess Srinagarindra, that use with her sons and daughters based on two principles: 1) faith and 2) believing in "truth" (truth: truth)

Assistant Professor Dr. Panadda Thanasetkorn

"Early Childhood Development Program according to the guidelines of HRH Princess Srinagarindra" occurred at the Inspiration Room by Assoc. Prof. Suriyadeo Tripathi, M.D., using 10 moral principles from the Inspiration Room as the core of the curriculum. The aim of this program is for every children can help themselves and know how to help others.
